Mehmet Nuri GÖÇEN
Founder of Company

We kindly present our sincere compliments to Dear **Mr. Mehmet Nuri GÖÇEN**, who laid the foundations of Göçay Construction Company, transferred his insight, farsightedness and entrepreneur spirit to future generations, and whom we are deeply grateful for the recent status of our company.

Board Of Directors

M. Erdal EREN
Vice Chairman of the Board

Mustafa GÖÇEN
Chairman of the Board

Mehmet GÖÇEN
Member of the Board

CHAIRMAN'S MESSAGE

When establishing GÖÇAY in 1979 our priority target was to grow into a company which had proven itself in the construction sector with its achievements and serving our country.

I see with great happiness and honor that we, together as the GÖÇAY family, have successfully achieved the target we set at the beginning.

We finalized all our commitments within the shortest achievable times, with low costs and at the highest quality. We contributed to the economy of our country.

In tandem with it, we grew steadily and, more importantly, with "confidence". Today we have much greater goals.

We aim attain the position of a world wide company within the globalization which is the irresistible concept of the new millenium; our modern understanding of production in compliance with international norms, our machine park that can meet all current requirements and our qualified employee; each specialized in their own fields.

I would like to express my gratitude to investor companies which have provided us with the opportunity to execute their projects, our business, partners and our staff which forms the great GÖÇAY family.

Respectfully,

Mustafa GÖÇEN

Chairman

GÖÇAY CONSTRUCTION CONTRACTING & TRADE CO. INC.

Göçay Construction Contracting & Trade Co. Inc. established in Aydın in 1979, is a construction company with works and achievements at world standards in parallel with the globalization and development after 80's.

Expertise subjects are so wide including big construction works such as airports, highways, bridge, tunnel, dams, ponds, irrigation, drinking water supply lines, wastewater treatment plants, tourism facilities, business center, residential complexes and any kind of industrial, social and administrative facilities construction with the benefits of developed machine park and superior engineer accumulation.

Göçay Construction has been also involved in motorway and energy projects to be executed via B.O.T. (Build-Operate-Transfer) model.

With its mission closely following global innovations and with a vision aiming at building the world of tomorrow, Göçay has been taking solid steps towards the future.

BUILT – OPERATE – TRANSFER PROJECTS

BUILT – OPERATE – TRANSFER PROJECTS

GEBZE - ORHANGAZI - İZMİR MOTORWAY (İZMİR GULF PASSAGE AND ACCESS ROADS INCLUDED)

MOTORWAY INVESTMENT AND OPERATION INC.

MOTORWAY INVESTMENT and OPERATION Inc. was founded with the participation of Nuro Construction and Trade Inc., Özaltın Construction Trade and Industry Inc., Makyol Construction Industry Tourism and Trade Inc., Astaldi S.p.A, Yüksel Construction Inc., and Göçay Construction Contracting and Trade Inc. in 2010. The company was found with the objective of executing the Gebze-Orhangazi-İzmir (İzmir Gulf Passage and Access Roads included) Motorway Project on BOT model basis. In this context, the term of contract is 22 years and 4 months. Project is totally 426 km long, comprising 384 km of motorway and 42 km of access roads.

- Osmangazi Suspension Bridge 2907 meter in length;
- 38 Viaducts 21.468 m in total length;
- 3 Tunnels 6400 m x 2 tubes in total length;
- 24 Junction
- 17 Toll Collection Areas;
- 6 Motorway Maintenance-Operation Centres was successfully constructed.

Advantages of the Project

- Balıkesir and Manisa will become new attraction areas for industrial investments.
- It will contribute positively to the industry in Eskişehir-Bozüyük-Bilecik Zone located around the route.
- Access to the İzmir Port as well as the ports in the Marmara Region and the Çandarlı Port, which is planned to be constructed in the future, will be provided.
- The Marmara and the Aegean Regions will be connected through motorway network.
- The Gulf will be passed in 6 minutes over the planned Suspended Bridge.
- Negative environmental impacts will be minimised.
- Traffic accidents will be reduced.
- Travel time from İstanbul to Bursa will be reduced to 1 hour, to İzmir 3,5 - 4 hours and to Eskişehir 2 - 2,5 hours.
- Travel time to Antalya, which offers great potential for tourism, will be shortened further.
- Traffic load on the existing Gebze-İzmir axis will decrease by 30%.
